

The MIMU 3W gathers inputs from participating humanitarian and development agencies on **Who is doing What, Where**, across Myanmar. This exercise is currently conducted every 6 months, collecting information on agencies' activities at village/township level (MIMU Village level 3W) as well as in IDP camps (MIMU Camp 3W).

205 agencies contributed to the April '15 3W, providing information on their activities in the 19 sectors and 145 sub-sectors defined through the technical/sector working groups. The level of reporting among INGOs, Red Cross and UN agencies and Border-based organisations is high, but there is still likely under-reporting of the activities of field-based local NGOs and CBOs.

This Overview describes reported Projects under Implementation with Non-IDP beneficiaries at township, village tract or village level in Kachin as of March 25, 2015. Hence it includes activities with mixed beneficiary populations (non-IDP and IDP), but does not include interventions which were specified as "IDP-only". A village tract level mapping of the projects reported by beneficiary type is also included.

Further information on **planned and recently completed** projects is available from the 3W dataset, published on the MIMU website and, at a glance, through the **MIMU 3W Township Dashboard**, <http://themimu.info/3w-dashboard>

1. Organizations active at Village level in Kachin

In total, 58 agencies reported activities in Kachin state - 20 are engaged in non-IDP response activities only (358 villages), 31 are engaged in activities which target IDP and Non-IDP beneficiaries (207 villages) and 7 are active in IDP-only response activities (156 IDP camps and 97 villages). In all there were 88 village or township based projects in Kachin (non-IDP and mixed beneficiary groups), and 25 reported camp-based projects (IDP only).

For the development focused (non-IDP response) activities, 51 organizations reported 88 projects under implementation in Kachin that are village or township based. The majority are by NGOs. There is some level of agency activity reported in all townships and in most village tracts, with agencies most concentrated in Myitkyina, Waingmaw Bhamo and Mogaung, and least concentrated in Khaunglanhpu and Tsawlaw which are harder to reach.
