The MIMU 3W gathers inputs from participating agencies on Who is doing What, Where in Myanmar. It is currently conducted every 6 months.

159 agencies participated in the October 2013 3W, providing information on their activities in 18 sectors and 133 sub-sectors which have been defined by technical/sector working groups. There is still likely to be under-reporting of the specific activities of field-based local NGOs and CBOs.

This overview of the 3W results in South East Myanmar covers activities reported in Bago East, Kayah, Kayin, Mon, Shan East, Shan South and Tanintharyi.

The following tables and chart describe projects under implementation as of October 23, 2013. Further information on proposed and recently completed projects is available from the 3W dataset, published on the MIMU website.

1. Active Organizations

A total of 80 organizations reported projects under implementation across the SE. The majority are NGOs (65 agencies, 7 of whom are border-based). In terms of project spread, 41 agencies reported activities in Shan South, followed by Mon (37 agencies), Kayin (35), Kayah (32) Bago East (27), Tanintharyi (26), and a lower reported concentration in Shan East (13 agencies).
