Disclaimer:

>> WASH Cluster revised indicators based on discussion points from WASH Partners. Started using new indicators in the 1st Qtr 2017.

>> Arche Nova is implementing WASH activities in Ann Township. MA_UK is implementing WASH development activities in Sittwe. They are not counted in HRP Q1 reporting.

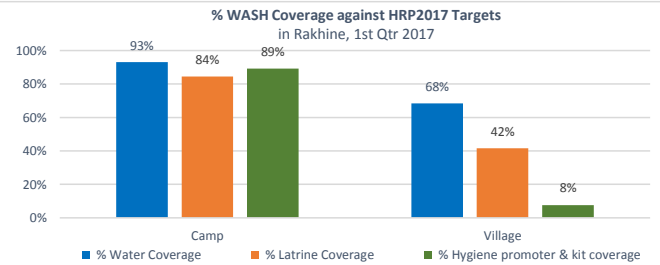

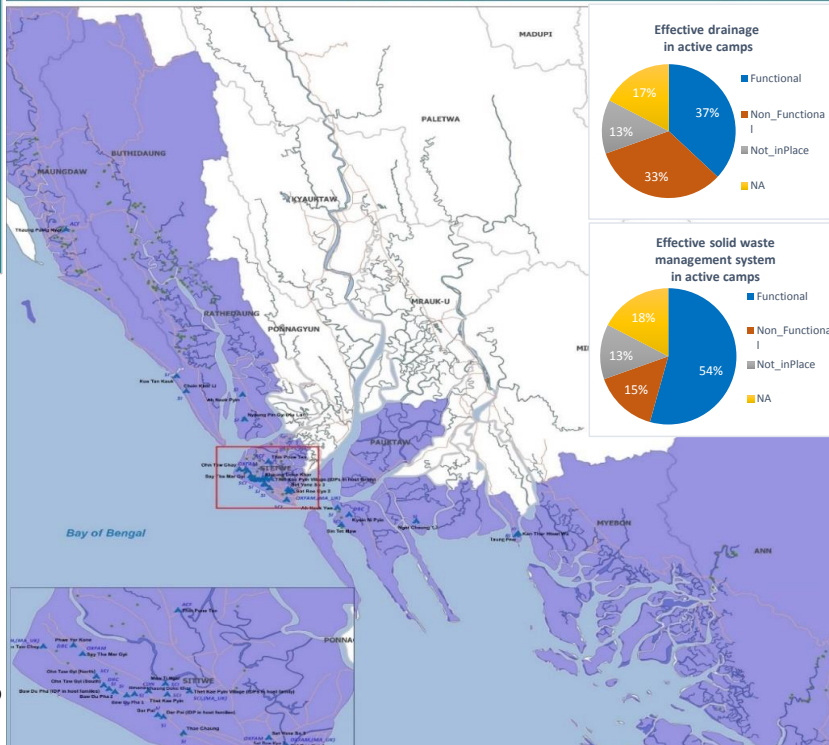

>> Plan WASH activities in Minbya have been phased out in Q4 2016.

>> Oxfam WASH activities in Nidin camp have been phased out in Q4 2016. WASH gaps remain in Nidin camps and Unicef, Medair and MAU-UK are coordinating for a response.

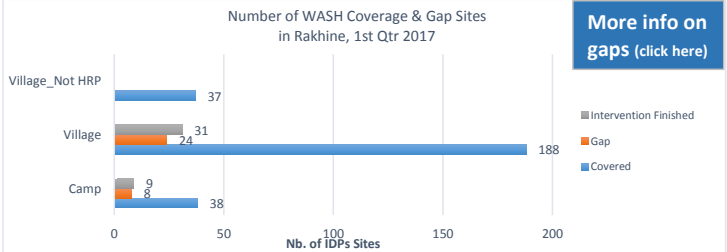

>> WASH Cluster partners ACF, Oxfam, DRC, SI, SCI, Malteser, Care Int, CDN, RI and MA-UK reported for the 4W Q1 2017.

MHDO started WASH response in Q1 2017 but results are not

WASH Cluster 2017 Q1-4W, RAKHINE STATE (as of 31 March 2017)

* Water coverage considers improved sources, and unimproved sources combined with treatment (filters)
* Sanitation coverage considers number of latrines only
* Hygiene coverage considers access to soap, sanitary pad and ratio of hygiene promoters to population
