Sub Sector	Sub Activities/Brief Description
Agriculture Sector	
Agricultural Alternative Development	Projects to reduce illicit drug cultivation through other agricultural marketing and production opportunities
Agricultural Assessment	Assessment of Agriculture needs and properties.
Agricultural Livelihood Capacity Building	Developing the technical skills and competencies of households, groups, communities and support services providers. Non-formal training in agriculture, farmers' field schools, demonstrations, awareness raising.
Agricultural Research	Plant breeding and genetics, physiology, ecology, taxonomy, pest/disease control; including livestock and poultry research (animal health, breeding and genetics, nutrition, physiology).
Agricultural Tools and Machinery	Agricultural machinery/equipment, eg. hoes, machete (grass cutter), sickle, machetes normal, axes, shovels, power tillers, water pumps, threshers, harrows, ploughs, fuel, lubricants)
Agriculture Development	Integrated projects, farm development (farming system), soil conservation, rehabilitation of rural infrastructures
Agro-Industry	Stable food processing, dairy products, slaughter houses and equipment, meat & fish processing, oils/fats, sugar refineries, beverages/tobacco, animal feed production.
Crop Inputs	Seed distribution of cereals and grains; horticulture; floriculture; fruit and berries; other annual and perennial crops. Home Gardening. Provision of seed, fertilizers, toolkits, land preparation, farm embankments
Fisheries	Fishing Nets Distribution, Repair & distribution of fishing boats, distribution of Engine & Longtail Shaft assembly, distribution of insulated fish boxes, distribution of fishing gears, rehabilitation of fisheries infrastructures
Irrigation Water Resources	Irrigation, reservoirs, hydraulic structures, ground water exploitation for agricultural use. Renovation/construction of sluice gate, dam
Livestock and poultry inputs	Animal and poultry restocking, feed/fodder distribution, tools and equipment, health/hygiene support, vaccination campaigns, beehives. tools and equipment for animal breeding, treatment / vaccination, animal shelter (transitional/permanent).
Camp Coordination and Camp Management Sector	
Camp Management Capacity Building	Training and capacity building on camp management
Camp/Site Coordination	Coordination of the roles and responsibilities in communal displacement settings
Camp/Site Management	Coordination of assistance and services at the level of a communal displacement setting (camp or site)
Camp/Site-related information management	Management of population and needs information at site/camp level, including trends for communal displacement settings
Community Tool Kit Distribution	Distribution of Community tool kits for carpentry work
Coordination Sector	
Civil Military Coordination	Activities relating to coordination of dialogue and interaction between civilian and military actors in humanitarian emergencies to protect and promote humanitarian principles.
General Coordination	Provision of support to inter-agency coordination structures to improve the coherence, reach, effectiveness and impact of development, humanitarian and/or peace-focused interventions.
Humanitarian Affairs Coordination	Provision of services for the coordination, communication, monitoring, reporting and liaison to support effective humanitarian activities.
ICT Coordination	Provision of Information & Communications Technology services supporting coordination of development, humanitarian and/or peace-focused interventions.
Information Management	Provision of Information Management services supporting coordination of development, humanitarian and/or peace-focused interventions.
Security Management	Services supporting security risk monitoring and management.

Sub Sector	Sub Activities/Brief Description
Disaster Risk Reduction Sector	
Community-based Disaster Preparedness and Risk Reduction	Reducing vulnerabilities and strengthening capacities at community level, including trainings, community mobilization, community plan, provision of small scale mitigation infrastructure for communities.
Disaster Management Policy and institutional Development	Support to development of policy and laws strengthening national level disaster management focal departments and institutions.
Disaster Preparedness and Response Planning	Support to Multi-hazard Preparedness and Response Planning at National, State/ Region, District and Township levels (except community level). through Contingency Planning, strengthening emergency preparedness, provision of safe shelters, school-based DRR etc.
Disaster-related Public Awareness, Education and Training	Building understanding and awareness on disasters, production and dissemination of IEC materials using different means
Hazard, vulnerability and risk assessment	Conducting Vulnerability and Risk Assessments of different hazards (nation-wide, region wise, hazard-wise) developing hazard maps, other research related to DRR.
Mainstreaming Disaster Risk Reduction	Integration of DRR in development, humanitarian and peace-focused projects across sectors.
Multi-hazard Early Warning Systems	Upgrading / enhancing Early Warning Systems, support to improve forecasting and monitoring of hazards
Education Sector	
Disaster Preparedness Response in Education	Improved preparedness and response capacity for Education in Emergencies
Early Childhood Development	Expansion of coverage of quality ECD services and strengthening systems
Food/Cash for Education	Providing food and/or cash assistance to students and/or teachers in order to increase enrolment, attendance and retention in schools.
Non-Formal Education	Enhanced coverage, quality and relevance of alternative education.
Quality Basic Education/Formal Education	Improved quality of basic education teaching and learning practices in formal sector government-supported mono-grade/multi-grade schools.
Environment Sector	
Biodiversity and Wildlife Conservation	Projects focused on securing natural capital and ecosystem services, with the aim of protecting species, their habitats, and ecosystems from excessive rates of extinction and the erosion of biotic interactions.
Climate Change Mitigation	Projects and activities limiting the magnitude or rate of long-term climate change (e.g. introduction of new technologies, strengthening efficiency of equipment, changing management / consumer practices.
Environment Policy development	Support to knowledge transfer, reform and development of national policies including strategic plans, sectoral overviews, white papers, master plans, standards, etc.
Forestry	Projects related to forested areas, including deforestation and reforestation efforts, sustainable logging, community forestry and sustainable sourcing of NTFPs (Non-timber forest products).
Renewable Energy and Energy Efficiency	Support to renewable energy sources, such as solar, wind, biogas, biomass, hydro and waste, from initial planning to operation and measures increasing the energy efficiency of existing systems.
Food Sector	
Food for Training	Projects focused on food assistance to trainees/audiences/attendees who contribute to community development, training, etc. May include some cash support.
Food for Work	Projects focused on provision of food as compensation to workers who are contributing to community development activities May include some cash support.
General Food Distribution	Distribution of food rations/food support to selected particularly vulnerable households. May include some cash support to cover non-food needs.

Sub Sector	Sub Activities/Brief Description
Governance Sector	
Access to Justice	Activities supporting the ability of people from disadvantaged groups to seek and obtain remedy, through the justice system, for grievances in accordance with human rights principles and standards.
Economic and Development policy/planning	Activities supporting macro-economic and fiscal policy and planning, economic and social analysis, development planning and preparation for structural reforms.
Elections	Electoral assistance and monitoring. Capacity building of electoral authorities, voter education.
Housing, Property and Land Reform	Activities concerning alternatives to forced evictions, peaceful solutions to land conflicts, monitoring enactment of new land and property legislation, ensuring protection of property rights.
Human Rights Monitoring	Monitoring of human rights performance and compliance with international human rights law and good practices. Information collection on trends and patterns of protection risks and violations.
Human Rights Promotion and Advocacy	Promote human rights, international humanitarian law and good practices. Includes advocacy in support of international treaties and conventions supporting human rights.
Institutional Strengthening and Public Administration Reform	Activities strengthening Government institutions and promoting reform of public administration.
Legislative Reform	Institutional strengthening of legal and judicial systems, legal drafting, legal training and education, legal advice and services, crime prevention.
Media and flow of Information	Activities improving the professionalism, skills and integrity of print and broadcast media and flow of information on public issues
Public sector financial management	Activities strengthening financial and managerial accountability, public expenditure management.
Rule of Law	Activities aiming at accountability to laws that are publicly promulgated, equally enforced and independently adjudicated, and which are consistent with international human rights norms and standards.
Strengthening civil society	Activities supporting community participation and leadership including support to organizational development, cooperatives, grassroots organizations, community representation and participatory planning processes.
Transparency/Accountability	Activities strengthening transparency and accountability, including anti-corruption and EITI.
Health Sector	
Basic Health Care	Basic and Primary Health Care programmes, paramedical and nursing care programmes, supply of drugs, medicines and vaccines related to basic health care. Mobile clinics, Orthopedic Health Services
Community Home Based Care	Provision of home-based treatment to an individual by his/her family and supported by skilled welfare officers and communities to meet physical, health, spiritual, material, and psychosocial needs.
Control of Communicable Diseases	Routine and emergency immunization programmes; prevention and control of infectious and parasitic diseases, except malaria, tuberculosis and HIV/AIDS. It includes diarrheal diseases, vector-bone diseases
Disease surveillance	Reporting on activities supporting the disease surveillance system (EWARS, including reporting of surveillance data to WHO and MOH.
Harm Reduction	Policies, programmes and projects which aim to reduce the health, social and economic harms associated with the use of psychoactive substances.
Health Assessment	Activates on any type of health assessments or surveys.
Health Care Waste Management	Providing support to MOH clinics including temporary clinics and mobile clinics for waste management.
Health Coordination	Any type of activity involving the active coordination of activities amongst health partners in the area
Health Education	Information, education and training of the population for improving health knowledge and practice; public health and awareness campaigns

Sub Sector	Sub Activities/Brief Description
Health services – Equipment and Supplies	Activities supporting the rehabilitation of the equipment and supplies component of the existing healthcare facilities; includes equipment, medical materials and supplies to health facilities.
Health services - Human Resources	Activities supporting the rehabilitation and development of the human resources component of the existing healthcare facilities;
Health services - Infrastructure	Construction of new permanent healthcare facilities and reconstruction of existing healthcare facilities.
HIV/AIDS Programme	Awareness raising on HIV/AIDS transmission, prevention and care. Providing STI services, VCCT (Counseling and Testing), Prevention of Mother to Child Transmission, supporting ARV/ART.
Malaria Programme	Prevention and control of malaria including testing, prevention, treatment and care.
Maternal and Child Health	Providing health care services for women and children under 5.
Mental Health and Psychosocial Support	Provision of mental health activities, psychological support and psychosocial support.
Reproductive Health Care	Activities promoting reproductive health care and prevention of neonatal and maternal morbidity and mortality; includes activities supporting provision of reproductive health services.
TB Programme	Activities related to the reporting on new or ongoing TB cases, and support to TB treatment (DOTS) and care.
Vector control methods	Vector control activities such as distribution of mosquito nets and fumigation activities at household or the environment.
Infrastructure Sector	
Rehabilitation-Community Infrastructure & Facility	Support to construction of community infrastructure such as new road/bridge/ recreation/electrical or other facilities **without** use of cash for work modality.
Livelihoods Sector	
Cash for Work	Cash support to individuals for construction/repair of critical community-level infrastructure (jetties, footpaths, roads, schools, health facilities, etc.). Involves the use of employment-intensive techniques and local labour to facilitate rapid income generation.
Cash Grants	The provision of unconditional cash transfer/cash grant (not loan) to vulnerable individuals or households to meet their basic needs for food and non-food items, or services, or to buy assets essential for the recovery of their livelihoods.
Income Generation Support	Conditional cash grants to vulnerable individuals or households to support sustainable livelihood generation.
Microfinance	Microfinance support to those who would not normally qualify for credit through the banking system to improve their livelihoods (i.e. women, the landless, and other marginalized groups).
Support to CSOs	Building the capacity of/supporting civil society organizations – community-based organizations, youth groups, women's groups and other self-help organizations – including through community mobilization activities and the strengthening of women's networks.
Vocational Education and Training	Training to provide individuals with knowledge, skills and competencies required for a particular job in the labour market.
Logistics Sector	
There are currently no sub sector defined	
Mine Action Sector	
Humanitarian Clearance of Mines and ERW (Explosive Remnants of War)	Removing and destroying landmines and explosive remnants of war and marking or fencing off areas contaminated with them. Activities include surveys, mapping, minefield marking, mine clearance.
Mine Action-related Advocacy	Activities encouraging countries to participate in international treaties and conventions designed to end the production, trade, shipment or use of mines and to uphold the rights of persons with disabilities related to landmines and ERW.
Mine-Risk Education	Educational activities aimed at reducing the risk of injury from mines and unexploded ordnance by raising awareness and promoting behavioural change. Activities include public-information campaigns, education and training, and liaison with communities.

Sub Sector	Sub Activities/Brief Description
Stockpile Destruction	Helping countries destroy their stockpiles of mines in line with relevant international treaties/agreements.
Victim Assistance	Actions to meet the immediate and long-term needs of mine/ERW victims, their families, and mine-affected communities. Includes information systems specific to victim assistance; emergency and continuing medical care; physical rehabilitation; psychosocial support and social inclusion; economic reintegration; and laws and public policies that promote effective treatment, care and protection for victims of mines and ERW.
Non-Food Items	
NFI Assessment	Assessment of Non-Food Items needs
NFI Coordination	Coordination of Non-Food Items assistance
NFI Distribution	Distribution of Plastic sheets, Household relief kits.
Nutrition Sector	
Infant and Young Child Feeding	- Individual Infant and Young Child Feeding (IYCF) - Support groups and nutrition awareness sessions (mother Support groups, cooking demonstrations)
Malnutrition Treatment	- MUAC Screening by MUAC - Inpatient Therapeutic Programme (ITP) - Outpatient Therapeutic Programme (OTP)
Supplementary Feeding Programme	- Targeted Supplementary Feeding Programme (TSFP) for MAM Children and pregnant and lactating women (PLW). (MAM - Moderate Acute Malnutrition) - Blanket Supplementary Feeding Programme (BSFP) for children aged 6-59 months and/or pregnant and lactating women (PLW)
Micronutrient Supplementation	- Micronutrient Tablets (MNT) for pregnant and lactating women (PLW) and/or Micronutrient Powder (MNP) for children aged under 5 years
Evidence based interventions	- Nutrition Surveillance/Survey - Nutrition Assessment with MUAC - Nutrition Assessment with W/H
Capacity Development on Nutrition Activities	- Training on Mid Upper Arm Circumference (MUAC) screening, referral and community mobilization - Training on Integrated Management of Acute Malnutrition (IMAM): Severe Acute Malnutrition (SAM)/TF (Inpatient / Outpatient, MAM/TSFP) - Training on Infant and Young Child Feeding (IYCF) - Training on Standardised Monitoring and Assessment of Relief and Transitions (SMART) survey - Training on Emergency Prepardness & Response
Peace Building/Conflict Prevention Sector	
Civil administration	Monitoring or retraining of civil administrators and police forces
Conflict transformation and Peacebuilding (social cohesion and reconciliation)	Support for civilian activities related to conflict transformation and peacebuilding (social cohesion and reconciliation). Includes capacity building, (ceasefire) monitoring, dialogue, exchange programmes, and information exchange.
Customs and border control	Activities strengthening customs and border control procedures. Includes capacity building, monitoring, regulation etc.
Demobilization of adult combatants	Activities supporting demobilization, rehabilitation and reintegration of demobilized adult combatants.
Demobilization of children (including release and reintegration under United Nations Security Council Resolution 1612)	Activities preventing and addressing issues of under-age recruitment. Includes support to demobilization/rehabilitation/re-integration of children recruited and used by armed forces/groups.
GCRV Monitoring & Reporting	Support to information collection on Grave Child Rights Violations in armed conflict under UN Security Resolution 1612. Includes recruitment and use; killing and maiming; rape and other sexual violence; abduction; attacks on schools and hospitals; and (6) denial of humanitarian access.
Rehabilitation of conflict-affected infrastructure	Post-conflict rehabilitation of basic national infrastructure in conflict-affected areas

Sub Sector	Sub Activities/Brief Description
Support for durable solutions for returnees	Activities supporting preparations for return. Includes access to information, restoration of justice, etc.
Private Sector Development	
Access to finance and financial inclusion	Policy dialogue, technical assistance and funding to expand and improve financial intermediation, and to ensure the spread of benefits throughout the population and across economic sectors.
Corporate Social Responsibility	Direct support to the way in which enterprises consider and address the impact of their operations on the environment and society beyond the expected legal obligations. CSR is a voluntary, enterprise-driven initiative.
Economic Governance	Direct support to the management of economic resources for development; includes activities supporting dialogue, capacity building, investment climate, anti-corruption etc)
Industrial policy support	Dialogue, capacity building and advice on official strategic effort to encourage the development and growth of the industrial sector of the economy.
Other private sector support	Other types of support not included in the categories above.
Public-Private partnerships	Direct support to development of business relationships between private-sector companies and government agencies for the purpose of completing projects that will serve the public.
Skills Development	Support to provision of training and development by the employer to improve workers' employability and quality of life/wellbeing.
Small and Medium Enterprises	Support to the development of small and medium enterprises, including entrepreneurship, management, marketing, technical skills, value chain development, clustering, linkages with industrial zones, foreign direct investments.
Trade and Regional Integration	Dialogue, capacity building and advice to encourage neighboring states entering into an agreement in order to upgrade cooperation through common institutions and rules.
Protection Sector	
Awareness Raising on Protection Issues	Activities promoting improved understanding and recognition of protection issues through public information, distributing IEC materials, community mapping exercises, training etc.
Child Protection	Activities focused on child protection against all forms of violence, exploitation and abuse in development and humanitarian contexts.
Child Protection in Emergencies	Establishing child friendly spaces in emergency contexts where children can feel safe and protected and providing structured recreational/ educational activities. Registration of separated, unaccompanied and orphaned children for the purpose of family tracing.
Civil Documentation	Activities for the issue and/or recovery of civil documentation for vulnerable categories, including stateless persons and for specific situation of return and repatriation.
Community Based Protection (Groups)	Support to protection-focused age gender and diversity groups. Activities strengthening links between communities and local authorities to prevent/respond to protection issues.
Durable Solution - IDP/Returnee Housing, Land and Property	Activities relating to IDP/returnee land rights and land dispute mechanisms. Includes counseling, legal representation, individual monitoring and assistance, and training and awareness raising on standards and principles on durable solutions.
Family Tracing	Assisting persons who have been separated from their family members or whose relatives are unaccounted for as a result of conflict, disaster, migration or other situations requiring a humanitarian response. Incudes collection, management and provision of information on dead and missing persons to their families.
Gender Based Violence	Protection against sexual violence, including sexual exploitation/abuse and forced prostitution, domestic violence, forced/early marriage. Includes activities focusing on provision of safe spaces, provision of GBV specific medical services, safety audits, access to justice and legal support services for GBV survivors, and increasing capacity to respond to survivors of GBV and awareness raising on GBV guiding principles.

Sub Sector	Sub Activities/Brief Description
Human Trafficking	Supporting and preventing women, youth and children trafficking for sex worker or other forms of exploitative labour within Myanmar and/or outside Myanmar.
Persons with Disabilities	Activities providing specific support to persons with physical or mental disability. Includes advocacy related to international treaties and conventions designed to uphold the rights of persons with disabilities. Note – specific assistance to landmine victims is included in Mine Action Victim Assistance sub-sector.
Promoting Gender Equality and Empowerment of Women	Activities promoting gender equality through tackling discrimination and gender-based violence, advocacy around international treaties and conventions designed to promote gender equality. Includes activities promoting women's empowerment and issues for men and boys.
Protection Assessment	Assessments including return assessment, returning and protection monitoring, age, gender and diversity assessment, etc.
Psychosocial Activities (Other than Child friendly spaces)	Activities promoting psychological support through Play groups, painting and drawing sessions, sports events, singing and drama activities
Vulnerable Populations in Emergencies	Registration and documentation of vulnerable populations as well as targeted support to groups with specific needs (i.e. women, children, extremely vulnerable individuals).
Responsible Tourism	
Community-based Tourism	Projects supporting sustainable tourism initiatives that enable substantial control by and involvement of local people, with most of the benefits remaining in the local economy.
Ecotourism	Projects supporting responsible travel to natural areas that conserves the environment and improves the well-being of local people in line with the principles of ecotourism (i.e. minimizing impact, building environmental and cultural awareness and respect, providing direct financial benefits for conservation, financial benefits and empowerment for local people).
Tourism Destination Management	Projects supporting the coordinated management and development of tourism destinations by focusing on sustainable practices that meet the needs of visitors, local residents, businesses and the environment. Includes assessment of tourism impacts, infrastructure, access, visitor services, working structures, communication, promotion and marketing.
Tourism-related Private Sector Development	Projects supporting the development of tourism-related small and medium enterprises, including entrepreneurship, management, marketing, technical skills, value chain development etc.
Tourism-related Vocational Training and Education	Provision of tourism-focused training (formal, non-formal) to provide people involved in tourism with knowledge, skills and competencies required for particular jobs in the diverse labour market.
Shelter Sector	
Cash for Shelter	Cash grants to individuals for shelter.
Emergency shelter	Provision of emergency shelter support
Permanent Shelter	Construction of community housing, monastery, other communities building, etc.
Shelter Assessment	Assessment of Shelter needs
Shelter Coordination	Coordination of the assistance in terms of shelters.
Shelter Information Materials	Distribution of Shelter related IEC (Information Education and Communication) materials (eg. Building back safer shelter poster)
Shelter Maintenance	Support to maintain Shelters (direct implementation, cash, training…)
Shelter Support	Provision of shelter construction materials.
Temporary Shelter	Construction of temporary shelters.

Sub Sector	Sub Activities/Brief Description
Social Protection Sector	
Building a Social Protection System	Supporting the development of the systemic approach to complementary, cross-sectoral social protection services enabling integrated approaches to address the multiple dimensions of vulnerabilities.
Cash allowances	Support to provision of cash allowances for vulnerable groups targeted under Myanmar's Social Protection Strategy (i.e. for pregnant women and children to age two, children aged 3-15, persons with disabilities, social pension to persons over 65)
Older Person Self-Help Groups	Support to development of Older-Person Self-Help groups (OPSHGs) in line with Myanmar's Social Protection Strategy to empower people of older ages to meet their needs.

Sub Sector	Sub Activities/Brief Description
WASH Sector	
Environmental Sanitation	Solid waste management, Drainage and waste/storm water management Vector control
Excreta Disposal Management – Communal/Institutions	Construction/rehabilitation of gender disaggregated latrines for schools, health care facilities, market, communal place, religious buildings, etc. Distribution of materials for latrine construction in schools, health care facilities, market, communal place, religious buildings, etc; Design and construction of Decentralized Wastewater Treatment System; O&M training and support for latrines and Faecal Sludge Management (FSM) Systems; Clinical and Hazardous Waste Disposal in health care facilities
Excreta Disposal Management – Household Level	Construction/rehabilitation of household fly proof latrines; mechanisms for Open Defecation Free (ODF) community and practices; Subsidies for latrine construction (materials, voucher, cash, etc.); Training and technical support on latrine construction; Design and construction of septic tanks / HH level wastewater treatment systems; O&M training and support for latrines/septic tanks/wastewater treatment systems; Sanitation Supply Strengthening (working with the market and traders); Sanitation Financing (loans, installments, etc.)
Hygiene Promotion & Behaviour Change	Hygiene promotion activities; includes training activities, ToT, WASH in schools, Distribution of IEC materials, hygiene kits.
WASH Assessment/Studies	Assessment of the priority needs of WASH; includes KAP surveys, Mid-term evaluation, Impact Evaluation, Post Distribution Monitoring, Real Time Monitoring, Monitoring and Evaluation, Market Research, etc.
Water Resources Management	Integrated water resource management, Groundwater study.
Water Supply - Community	Construction/rehabilitation of community-managed water meter system, tube well, combined well, hand dug well, pond, gravity flow system, solar pump, rainwater collection tank, pumping station, etc. Sanitary Surveys, Water Safety Plans; bridge, footpath or jetty to water point; Community Water Committees/Water User Committees; Community O&M Systems
Water Supply – Household Level	Support to Household water treatment and safe water storage and handling; includes water quality testing, drinking water storage and distribution, water treatment unit distribution/ installation, Water Safety Plan (WSP)
Water Supply - Institutions	Construction/rehabilitation of piped water meter system, tube-well, combined well, hand dug well, pond, gravity flow system, solar pump, rainwater collection tank, pumping station in schools, health care facilities, communal areas, market, religious buildings. O&M systems and training for repair/management of water infrastructure; Water Safety Plan.
