

WASH Cluster Myanmar

Minutes of National WASH Cluster Meeting

Date: April 8 2019 **Venue:** Solidarites Intl

Time: 2-4pm **Duration:** 2h

Chair: Sunny Guidotti, National WASH Cluster Coordinator

Participants: world vision, PUI, archenova, ECHO, PIN, Solidarites, OCHA, Save the Children, Samaritan Purse, ACF

Sr.	Topic	Time	Who
1	Intro Brief emergency update from partners (Shan and Rakhine) Adrian update from Central Rakhine (note from Sunny) CCCM doing for this first time or also later on.\Most of people have kit or access to kit but it's good to have it centralized. Happy to speak it bilaterally (?) Northern Shan and also Southern Shan (HCT meeting and signature of the position paper Meeting with the GoM		All Participants
2	QAAP debriefing: \ <ul style="list-style-type: none"> • who are they and scope • good practices and also some challenges to address • Few slides will be shared later together with the report 		WASH Sub-cluster Coordinators
3	Cluster team field visit (only HRP protracted crisis) and more in new displacement sites for Assessment 62 camps (45 Kachin, 20 in Rakhine and 4 in Shan) AAP Feedback: majority of the population are informed regarding WASH services, they feel comfortable to complain, Rakhine a little worst than Kachin and Shan Kachin: asked for HH water filters, water quality issue, no water collection tanks... decommission latrines + new latrines construction (in 10 camps) + HK Rakhine: water + desludging issue + HK Shan: water quality + drainages ACTION POINT > Kachin HK strategy finalized and endorsed to be disseminated ACTION POINT > include the feedbacks monthly with CCCM		OCHA – Narciso Rosa-Belarga
4	Camp Closure <ul style="list-style-type: none"> ➤ Protection Paper endorsed. Principle 2 and 3. WASH Cluster SOF Transition pan		National WASH Cluster Coordinator

- Strategy of WASH Cluster 2017-18 and 2019: Dec + Feb. Need of incorporate the camp closure discussion.
Transition Plan: phased approach (monitoring first to government and advocacy and AAP later on)
DRD will be likely to be the focal point on WASH
- Community infrastructure resiliency and community led WASH (for handover and cleaning of latrines)

CAMP SERVICES HANDOVER

- 18 months plan

To WHOM?

DRD

DPH

DDM

TDA

Municipalities and Village tracts

One option > shift from project to service

Need a camp by camp to understand the strategy

ACTION POINT > organize the strategy from 2020

ACTION POINT > ICCG level to share updated camp-profile and organize meeting camp by camp with all the service providers

Camp Closure > AAP: how to ensure that the services are delivered

SI: can be handed over to WASH Cluster

SCI: can be handed over to Government

Unicef: CCCM

LIFE-SAVING

OCHA global - CERF: all activities are considered life-saving (even if preventive)

Camp-by camp analysis

Only if there is an outbreak

ACTION POINT > For the camps in the list, to raise scenario. Protection positioning. Then WASH analysis.

WAY FORWARD:

> Community Consultation

> WASH needs and risk assessment camp by camp:

4W

Joint visit with implementation partners

Better tracking of operating costs

	<p>Focus on O&M (minimum on capital costs)</p> <p>Unicef: link with other sectors (WFP) and plan of investment. From WASH perspective: breaking down in subsectors...</p> <ul style="list-style-type: none"> ➤ Gov engagement <p>ACTION POINT: Working Group for Rakhine partner working in camps (with WFP, UNHCR...) to identify what and when can be handed over to GoM.</p> <p>ACTION POINT: 2 workplans > camp by camp analysis + Roving team</p>		
5			WASH Cluster IM
6	<p>AOB</p> <p>Archenova: is starting WASH in school in Shan (part of the WASH strategy) and DRD MOU is requesting to have MoU with Ministry of Education (also PUI and Samaritan Purse)</p> <p>PIN: try to launch a project with local partner</p> <p>ECHO: asking if WASH Cluster will support those camp that are closing/closed</p> <p>ACF: waiting for the TA to distribute HK in Mybia for new displacement</p> <p>World Vision: Mrauk-U provide 64 HHs for NFI to Mya Taung Saung Mondastery IDPs</p> <p>RI: also plan to respond</p> <p>SCI: waiting for TA also > 100 HHs</p> <p>ACTION POINT: need to capture this in 4W</p>
