ICT4D working group feedback summary
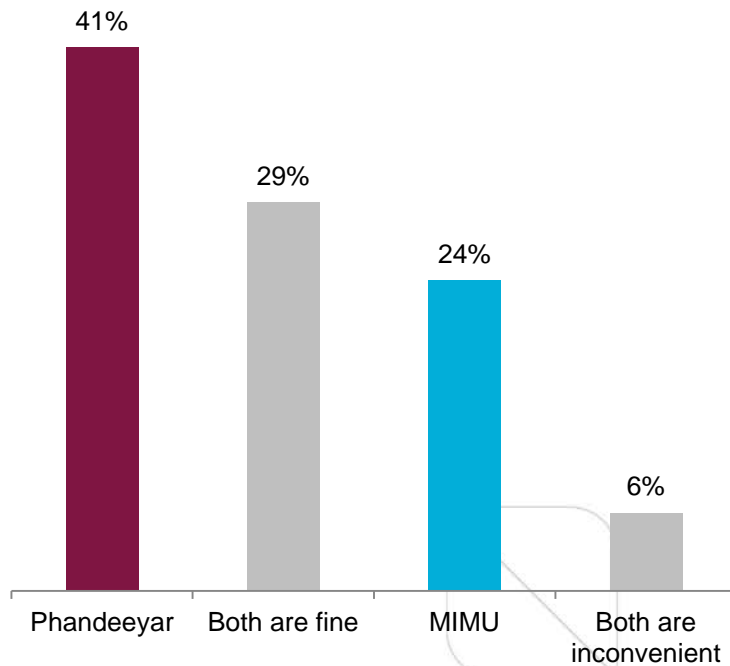

September 23, 2015

Objective

- **Improve planning of future meetings**
  - Logistics
  - Content

pact

# Logistics

People preferred Phandeeyar over MIMU.

Though of people who have not been to a meeting recently, MIMU was the preference.

Left chart (People preferred Phandeeyar over MIMU):
- Phandeeyar: 41%
- Both are fine: 29%
- MIMU: 24%
- Both are inconvenient: 6%

Right chart (preference among those who have not been to a meeting recently):
- MIMU: 67%
- Phandeeyar: 33%

pact

Logistics

Most people were all right with the time, though some preferred 9.

- No, they should be at 9, 12%
- Yes, it's fine, 88%

pact
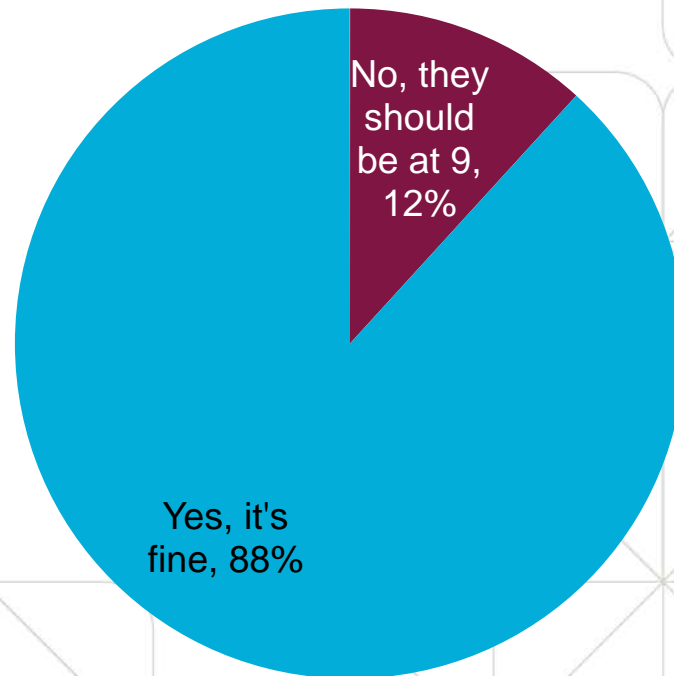

Logistics

A significant minority would be interested in seeing the email list used more often.

It's about right, 69%

I wouldn't mind seeing it used for more discussion and resource dissemination, 31%
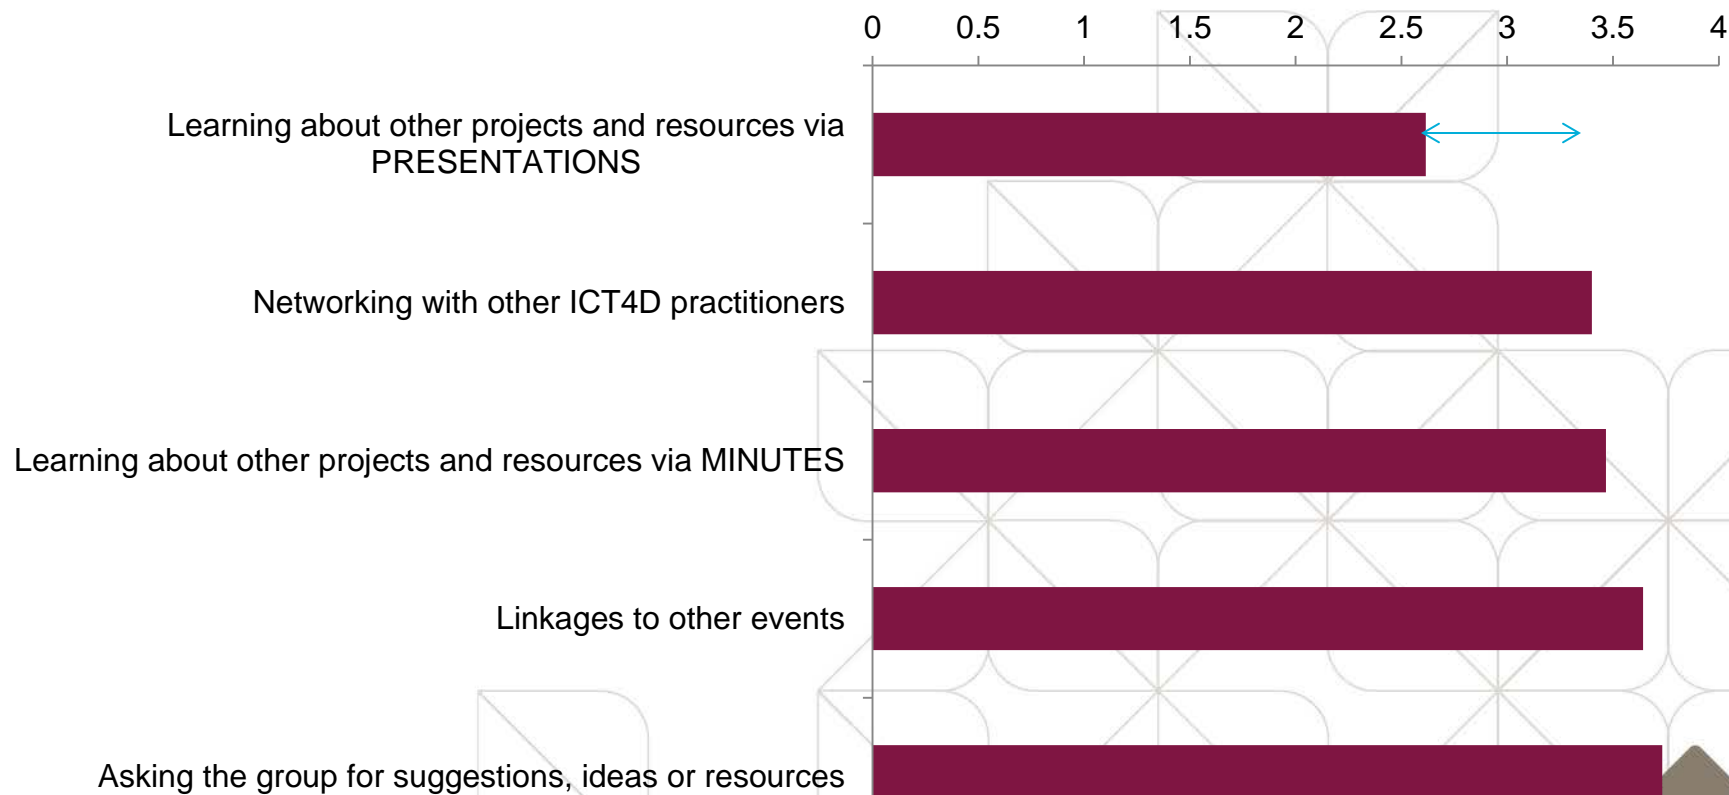

pact
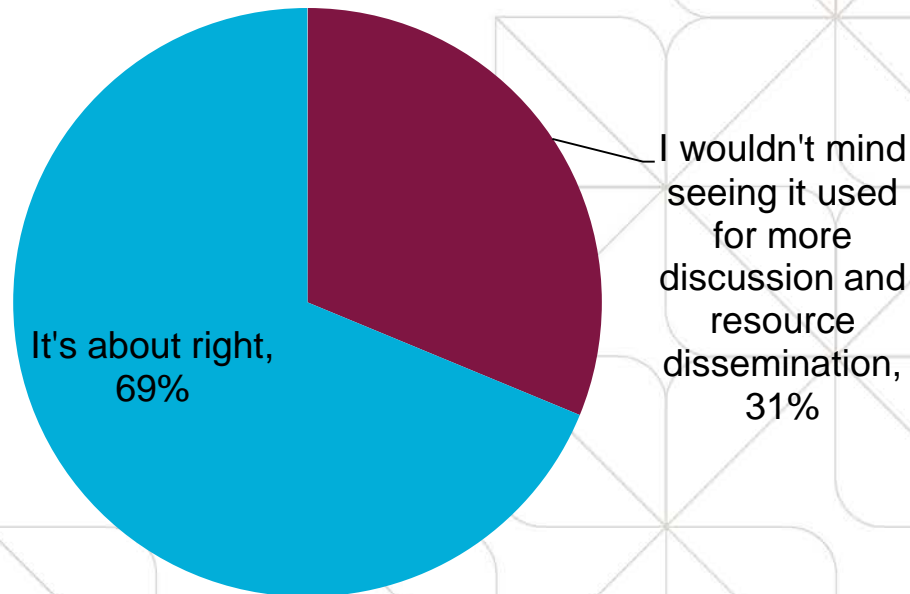

Logistics

For those who are infrequent attendants, location seemed to be the biggest deterrent.
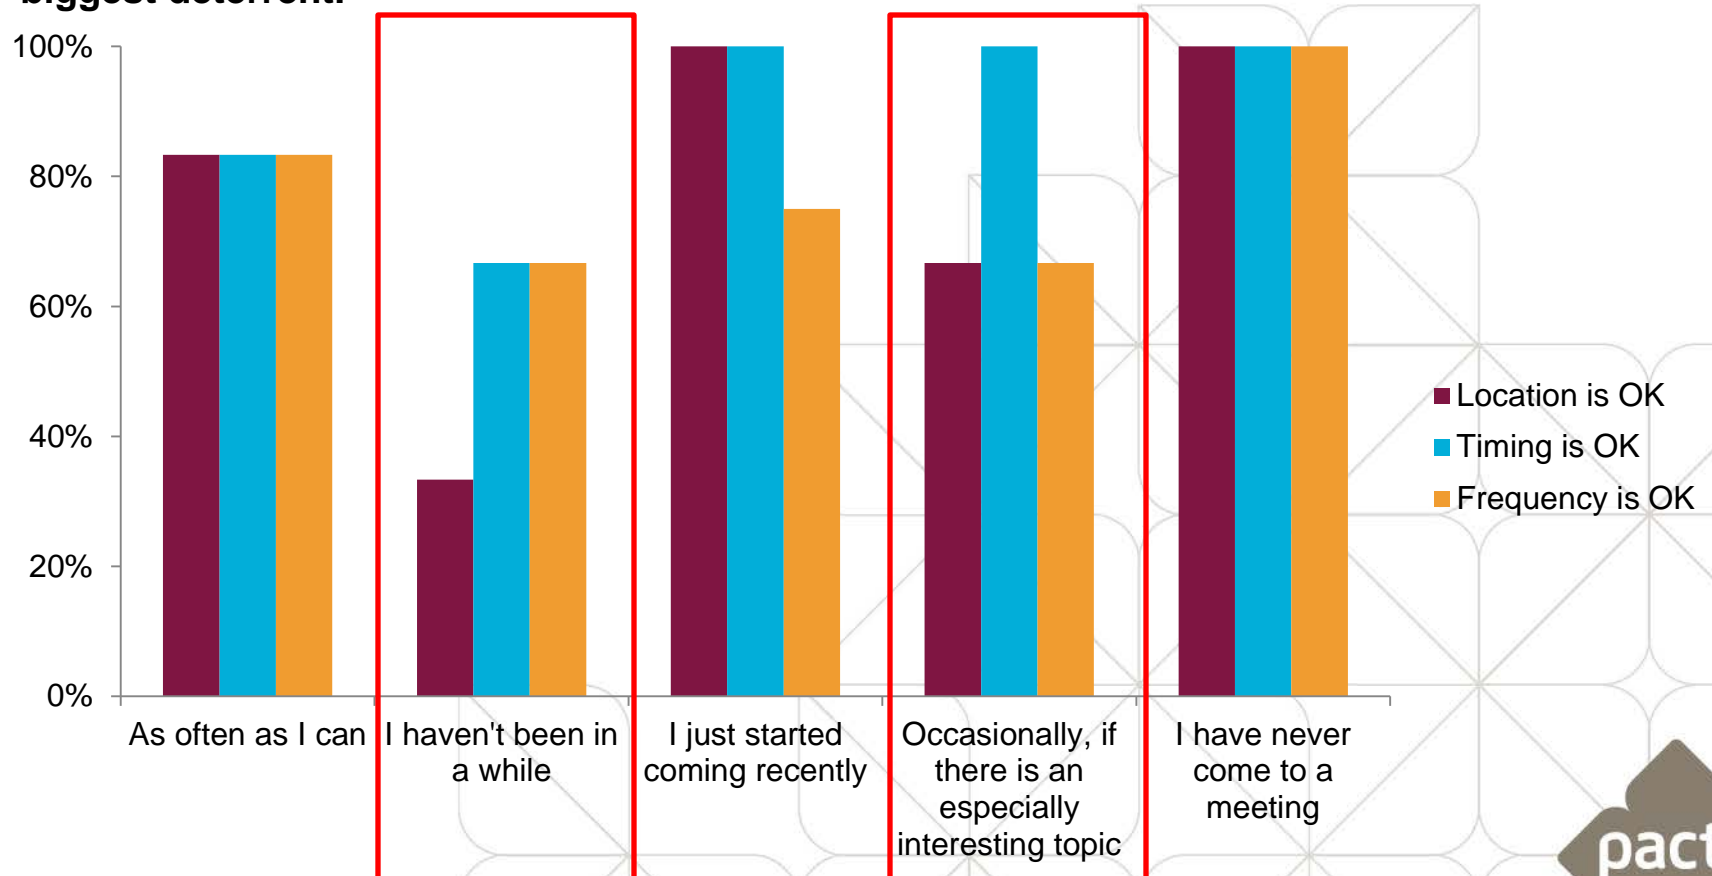

Content

People value presentations the most; other things were about equal in rank.

| | 0 | 0.5 | 1 | 1.5 | 2 | 2.5 | 3 | 3.5 | 4 |

Learning about other projects and resources via PRESENTATIONS

Networking with other ICT4D practitioners

Learning about other projects and resources via MINUTES

Linkages to other events

Asking the group for suggestions, ideas or resources
