- PawkTaw Sanitation situation worrying, due to the impact of upgrading long shelter to Individual temporary : An emergency action plan should be consolidated and launch
- Flooding affected the whole state, particularly Maungdaw District: No emergency Wash action taken, while the authorities (RRD) are first responder
- Return/re-location closely follow up, with Wash positioning paper as a guidance

- Limitations of the analysis:**
- ✓ Lack of data on sanitation for villages where activities recently started
 - ✓ Access to water does not report closely enough about safe drinking water
