

**HIGHLIGHTS OF THE MONTH**

- Maintenance and Operation of infrastructure are re-enforced, adapting to the change of camp geographical set up with the development in some location of Individual temporary Shelter, ensuring also an upgrade before the raining season
- Positioning paper under development to support returns and ending of displacement, affirming the centrality of the protection in any futur process
- Dry season end up, while refiling of pound are expected in June
- Hygiene Promotion Working group launched to support more creative approach as PHAST, social marketing...

**Limitations of the analysis:**

- ✓ Lack of data on sanitation for villages where activities recently started
- ✓ Access to water does not report closely enough about safe drinking water
