

Let me extend our sincere thanks / to <sup>our</sup> ~~the~~ govt /  
for organizing / the ~~few~~ productive events / by letting  
participating / all the stakeholders / with the development  
partners round table /

② As far as private sector participation is concerned;  
(UMFCCI) we have few points to highlight / the issues of  
business competitiveness / or lowering the cost of doing  
business / by increasing access to socio-economic  
infrastructure /

③ the development of the HR capacity development /  
~~is the key~~ in demand-driven model / is the key / to supply  
the required workforce / <sup>according to</sup> ~~after~~ the industry's <sup>needs</sup> ~~demand~~ /

④ Establishing the well-structured public-private dialogue mechanism /  
is the ~~key~~ significant tools / to achieve favourable  
business / or investment climate / addressing  
not only manufacturing / but also business services  
like financial / or banking sector / logistics / or clear &  
predictable working procedure /

⑤ ~~access~~ the last but not least / is the access to  
formal financing / <sup>technical assistance</sup> / or micro credit to  
the micro ~~or~~ enterprises / which constitute the back-  
bone of / <sup>national</sup> ~~our~~ the economy /

The private sector development / is all about. <sup>2</sup>  
creating job opportunities / a development of skilled &  
productive workforce / a talented experts / in the  
country /

This is all about / people development / and inclusive  
growth / shared among men & women / young & old /  
& rural & urban communities, ~~development of trust &~~ across diverse  
ethnicities, development of trust & equality  
across different ethnic groups.

In conclusion,

Let me express our strong will to co-operate &  
Dev. partners & I am confident that it will be effective  
implementation.  
To realize the goals of multi dimensional reforms.

The last but not least is <sup>the fact</sup> that we are UNFCT,  
the umbrella org. & 69 ATA, state & Div., & border trade  
chambers ~~is~~ ~~both~~ anxiously look forward to co-opera-  
ting & Dev. Partners for TVET ~~in~~ and we can  
start straight away if we have the <sup>technical & financial</sup> assistance since  
we have the ~~infrastructure~~ infrastructure.
