**Exploratory Notes**

The data presented in the Data Sheet from the 2014 Population and Housing Census of Myanmar is self-reported and may not be 100% accurate. The census includes information on:

- Population data by age, gender, and marital status.
- Education levels: primary, secondary, and tertiary.
- Employment status and occupation.
- Housing conditions: type of dwelling, number of rooms, and access to utilities.
- Access to sanitation facilities: flush toilets, septic systems, etc.
- Access to clean water and sanitation facilities:
  - % of population with access to clean water
  - % of population with access to sanitation facilities
- Access to electricity and other energy sources:
  - % of population with access to electricity
  - % of households with access to LPG gas
- Access to communication technologies:
  - % of population with access to mobile phones
