

Minutes of Myanmar Language Information Management Network Meeting

27th May 2026, 2PM MMT, online via Zoom

The meeting was conducted in Myanmar language, and this is a translation of the original minutes.

Agenda

1. Presentation - HDP Nexus 5W (MIMU)
2. Updates on Sector/Cluster/Agency Initiatives
3. AOB and other discussions

Attendance

Chair: Ei Ei Thein (MIMU)

Participants: AMDA, Best Shelter, BIM, Carelink, JOICFP, Malteser, NAG, NRC, PPWT, Plan, SCI, WVM (16 participants from 13 organisations)

1. MIMU HDP Nexus 5W (MIMU)

Findings from latest Feb 2026 round of MIMU HDP Nexus 5W was presented.

198 organisations contributed activity data in this round. Until 2021, 5W Excel data files containing organization names were posted on the MIMU Website; since then, neither the data files nor any other information identifying organizations by name has been published on the MIMU Website. Data is collected under two categories, Open and Restricted. Data submitted as Open is shared, upon data request, only with designated organizations (organizations contributing to the 5W, Coordination Groups, and Donors). Data submitted as Restricted is kept confidential under an Org Code system and is not shared with any organization. In this round, around 27% of the data is confidential, with the agriculture sector having the highest proportion of confidential data, followed by the Health, Protection and Nutrition sectors; complete information for these sectors is therefore not available to those requesting data.

As in previous rounds, the Sector/Cluster maps and the 5W Township Dashboards have been produced. 5W products are released at the township level only and if village tract level data is needed, it can be requested directly from MIMU.

Organizations wishing to participate in the 5W exercise can refer to the 5W Data Entry Form and the 5W Guideline available on the 5W page of the MIMU Website, where a video on how to fill in the 5W Data Entry Form is also provided. To request 5W data, an online data request can be submitted through the Online Data Request link under Map & Data Request, using an organization email (as mentioned above, only for designated partners). If the organization email is a Gmail address, requests can be sent directly to Ei Ei Thein (ei.ei.thein@undp.org). Users are encouraged to provide feedback on the Dashboard and products, and contact MIMU if any data discrepancies are found.

2. Updates on Sector/Cluster/Agency Initiatives

World Vision: Of the townships where projects are currently being implemented, operations in Kawthaung, Pyapon and Mawlamyine townships will be closed, while activities will be expanded in Amarapura township.

MIMU: Assessment and publication information is being collected, and products will be updated in June. In terms of trainings, invitations have been sent out for the Data Visualisation and Communication Training and the Information Management Workshop, both of which will be held during June and July.

3. AOB and other discussions

The next meeting is tentatively scheduled for August 26th, 2026, in the last week of August. Please contact ei.ei.thein@undp.org if you have anything to present or discuss.
