The camp profiling exercise is an activity promoted, coordinated and delivered by the Shelter/NFI/CCCM Cluster. During the 7th round of camp profiling (Feb-Mar, 2018), 131 out of 164 IDP locations were profiled. The information is collected from a various sources, compiled and analysed at camp level. Sources of information include CCCM focal points, camp managers, camp committee members/leaders and IDP camp residents. This camp profiling exercise aims to provide updated information about the services available to the camp population.
