## **March 2016**

## **HIGHLIGHTS OF THE MONTH**

- ✓ DRD continues to refill ponds dewatered during cyclone Komen.
- ✓ Increasing numbers of empty ponds are noted in villages, raising immediate concerns for the dry season/El Nino
- ✓ Options for sludge management for Sittwe camps are under investigation.

## Limitations of the analysis:

- Lack of data on sanitation for villages where activities recently started
- Access to water does not report closely enough about safe drinking water
- ✓ Access to Pond water is not refelcted not
