

Until we are all equal

## Plan International Myanmar Job Advertisement for Project Officer (CPiE)

Plan International is a global organization focused on advancing the rights of children and youth, especially girls, across both development and humanitarian contexts.

In Myanmar, Plan International implements integrated programming focused on child development and youth empowerment, with a special emphasis on supporting girls and young women. Our program areas encompass Early Childhood Care and Development (ECCD), Water, Sanitation, and Hygiene (WASH), Resilience and Disaster Risk Reduction (DRR), Child Protection, and Education. Additionally, we focus on Youth and Adolescent Development through Skills and Opportunities for Youth Employment and Entrepreneurship (SOYEE), as well as Leadership and Life Skills Development. Our efforts also extend to ensuring Food and Nutrition Security to promote healthier and more resilient communities.

Plan International is dedicated to creating safe environments for children and program participants, promoting practices that address their specific safeguarding needs and protection risks. We actively challenge and do not tolerate inequality, discrimination, or exclusion.

### Job purpose:

The Project Officer (CPiE) is responsible for leading the implementation of all CPiE-related activities in collaboration with the project's implementing partner. This role involves direct engagement with communities to ensure that child protection interventions are delivered effectively and in alignment with project objectives. The Project Officer will regularly monitor the progress of field activities, ensuring accountability to beneficiaries and addressing any emerging protection concerns. A key responsibility is to ensure that timely, adequate, and contextually relevant messaging is delivered to the target population, promoting awareness and understanding of child protection issues. The role requires a strong commitment to child-centered approaches, community engagement, and close coordination with partners to uphold the quality and impact of CPiE interventions.

### Dimension of the Role:

- Lead on technical planning of project activities at the site level in order to ensure a well-organized and effective CPiE programme.
- Support implementation of technical activities in coordination with communities and partner.
- Support the Deputy Program Manager to fulfil project technical implementation and reporting requirements as needed.
- Facilitate close coordination with partners, communities and other relevant stakeholders on training activities.

Until we are all equal

- Works closely with M&E and Database Officer and Deputy Program Manager to ensure learning are documented, disseminated and applied.
- Support the planning, implementation and evaluation of child protection activities, including community-based child protection mechanisms as well as psychosocial recreational activities and CP case management and referral services in the project and provide partner technical support in implementation of planned CP case management.
- Maintain contact with community leaders and community volunteers and organise trainings and meetings.
- Conduct basic trainings for CFS volunteers on recreational and psychosocial support activities for children and case management steps.
- Monitor project activities and write regular field visit reports.
- Prepare and submit quarterly success case stories of life skills and child protection to Deputy Program Manager
- Comply with Plan's financial operation procedure for any financial related issues or work
- Support the Deputy Program Manager to fulfil technical and financial reporting requirements of the project
- Conduct weekly and monthly case supervision and coaching sessions with partner for CP cases and CPIMS+ in case record process.
- Provide life skill sessions for parents and adolescent in the targeted communities.

### **Key Responsibilities:**

#### General

- Support the effective and efficient implementation of CPiE activities in Plan's humanitarian assistance programme in Kachin State by carrying out day to day duties related to humanitarian response activities in line with Plan Myanmar's Guidelines and Policies.

#### Planning

- Identify assistance gaps and needs for child protection in targeted villages/camps and design detailed activities through close consultation with girls and boys and parents with gender sensitive and inclusive approach.
- Organize proper planning with partner ensuring child protection needs in target communities are well addressed in collaboration with technical CP specialist.
- Set minimum technical standards in the project planning.
- Follow minimum technical standards in the project planning
- Ensure that Child Protection Minimum Standards are taken into account in the planning of CPiE activities

#### Implementation

- Support and lead implementation and monitoring of CPiE programme in targeted villages/camps with technical support from CP technical specialist.
- Provide training and workshops for children, volunteers, community members and authorities on child protection and related topics
- Promote the full and equal participation of girls and boys in all aspects of CPiE activities
- Provide adequate technical inputs and guidelines for partners, CP Community Facilitators and camp

Until we are all equal

management committees to promote community based child protection including referral pathway and case management.

- Provide training for partner on Plan's CPIE standards, Child friendly Space Activities and Case management.
- Promote full and equal participation of girls and boys in all aspects of CP activities.
- Work with CP working group at local level to ensure coherent delivery of CPIE assistance.
- Field office management including administration and logistics.

### Monitoring and Evaluation

- Perform regular monitoring visit to the project implementing fields as necessary.
- Ensure & Encourage monitoring systems of partners are in place for all field activities
- Identified gaps in service provision to internally displaced Children
- Ensure reporting and evaluation systems of partners are in place for all field activities

### Safeguarding and PSHEA

- Ensure the delivery of CPIE programs and activities in accordance with Safe Programmes and Influencing Interventions standards. This includes conducting risk assessments and implementing safeguarding protocols.
- Ensure the delivery of CPIE activities in accordance with Safeguarding policies, procedures and guidance incorporate measures described in the standard "Working with Safe Partners" and "Building Positive and Safe Relationships with Children and Programme Participants".
- Create a safe and supportive environment for all community members, particularly vulnerable groups such as women, children, and LGBTQ+ individuals.
- Ensure project activity does not put children and programme participants at risk by continuously evaluating it through a safeguarding perspective, data privacy and discussing potential design or implementation with the children and programme participants.
- Ensure that staff understand their role and responsibilities for safeguarding and PSHEA and manage performance accordingly.
- Promote the importance of safeguarding and PSHEA to colleagues in other organizations and children, their families, beneficiaries, and the wider community.
- Assume responsibility for reporting any instances of suspected child abuse or neglect immediately as per Plan Myanmar's policy.

### Qualifications, Skills & Experience:

- University Degree or Diploma related with child protection field is preferable.
